

Welcome to Friends of St Anthony's

Over the last few months the Friends have become much more active in holding events and fundraising to provide a variety of benefits for the children to enjoy at school.

We have organised four events so far this year raising over £1300! Our aim is to become a successful fundraising team, supporting St Anthony's to create a happy, fun environment for our children to thrive during their school years.

Your support, whether it be getting involved or just turning up and spending money at organised events it all helps!!

We always welcome parents with fresh exciting ideas to join us and help us move forward.

We hold regular meetings to discuss up coming events, fund raising opportunities and where to spend the money we raise.

We have so far funded 3 new story sacks in the Nursery and a friendship bench out on the playground.

Our aim going forward is to provide more outdoor play equipment.

'Alone we can do so little, Together we can do so much!'
